

This is a black and white line drawing of a dense, intricate pattern. The design is composed of numerous stylized, swirling motifs that resemble waves or clouds, interspersed with floral or leaf-like shapes. The lines are thick and bold, creating a high-contrast, graphic effect. The overall composition is highly detailed and repetitive, characteristic of traditional Japanese textile patterns like those found on kimonos or futons. The pattern fills the entire frame, with no visible background.

28. *Chlorobacterium* sp.

the full and strong heart
for a period that deeper
holding would be strong like a mountain.
