

A detailed black and white line drawing of autumn pumpkins and gourds. The composition features four main subjects: a large pumpkin with vertical ribbing in the upper left, a smaller pumpkin with a swirling pattern in the upper right, a large pumpkin with a swirling pattern in the lower left, and a large pumpkin with vertical ribbing in the lower right. They are surrounded by various types of leaves, including oak leaves, and clusters of small berries. The entire scene is rendered in a high-contrast, line-art style, making it ideal for coloring.
